Dear Sir,

**Sub: Submission of Newspaper clippings – Advertisement**

We are enclosing herewith clippings of Newspapers Advertisement addressed to the Shareholders, published on 9<sup>th</sup> February, 2025 for your information and records.

This is in due compliance of the relevant Regulations of the SEBI (LODR) Regulations, 2015.

Thanking you.

Yours faithfully,

**For HEC INFRA PROJECTS LIMITED**

**KHUSHI BHATT**  
**COMPANY SECRETARY &**  
**COMPLIANCE OFFICER**

Encl: As above.

## India's forex reserves rise for 2nd consecutive week, gold reserves up

New Delhi, Feb 8 (IANS) The forex reserves rose \$1.05 billion to reach \$630.607 billion for the week ended January 31, according to the Reserve Bank of India (RBI) data.

The overall reserves had increased by \$5.574 billion to \$629.557 billion in the previous week. The forex reserves had increased to an all-time high of \$704.885 billion in September last year.

Meanwhile, gold reserves went up by \$1.242 billion to \$70.893 billion during the week. The Special Drawing Rights (SDRs) were up by \$29 million to \$17.889 billion, the apex bank said.

The country's reserve position with the IMF was

down by \$14 million to \$4.141 billion in the reporting week.

The RBI bought another 8 tonnes of gold in November 2024, as Central banks around the world continued their buying spree with a collective purchase of 53 tonnes of the precious metal during the month, according to the latest World Gold Council (WGC) report. The RBI has, like other central banks, been buying gold as a safe-haven asset. The strategy of holding gold is primarily aimed at hedging against inflation, and reducing foreign currency risks, especially in times of uncertainty triggered by geopolitical tensions.

## Indian stock market continues to assess 2 big policy moves to boost economy

Mumbai, Feb 8 (IANS) The stock market saw two major policy moves this week that could significantly impact India's economic trajectory — the Union Budget 2025, which introduced tax cuts to boost consumption and investment, and the RBI's 25 bps rate cut, signalling a shift towards monetary easing, experts said on Saturday.

These measures collectively aim to strengthen economic growth while maintaining fiscal discipline.

On the markets front, Nifty 50 is up 1 per cent, Nifty Midcap is up 0.9 per cent and Smallcap index is up 0.7 per cent.

The Indian stock market closed lower on Friday as investors continued to assess the RBI's Monetary Policy Committee

(MPC) decision to cut the repo rate by 25 basis points (bps).

However, the central bank maintained its policy stance, keeping a neutral approach. The Monetary Policy Committee (MPC) decided to reduce the repo rate from 6.5 per cent to 6.25 per cent.

The Sensex eventually settled at 77,860, down by 198 points. The Nifty index fluctuated between 23,694 and 23,443, before closing at 23,560 with a decline of 43 points.

According to Krishna Appala of Capitalmind Research, the Budget provided long-awaited tax relief, putting more money in the hands of consumers.

Individuals earning over Rs 24 lakh annually will now save an additional Rs 1.1 lakh per year, while those earning up to Rs 12 lakh per year will effectively pay no income tax.

"With an estimated Rs 1 lakh crore expected to flow back into the economy through these tax cuts, the move is likely to encourage higher discretionary spending and savings," said Appala.

Despite these tax reductions, the government has kept its fiscal consolidation efforts intact, setting the FY26 fiscal deficit target at 5.3 per cent of GDP, down from 5.8 per cent in FY25.

Alongside the fiscal push, the RBI's decision to cut the repo rate by 25 bps to 6.25 per cent marks the beginning of a potential rate-cut cycle after over two years of unchanged policy rates.

This follows a 50 bps

## Business Brief

### Reducing coal imports, boosting domestic production key focus: Minister

New Delhi, Feb 8 (IANS) The government has reiterated that reducing coal imports and increasing domestic production is the key focus, as the coal sector remains a cornerstone of India's energy security, playing a vital role in the country's industrial and economic growth.

With the fifth-largest geological coal reserves globally and as the second-largest consumer, coal continues to be an indispensable energy source, contributing to 55 per cent of the national energy mix. Approximately 74 per cent of power generation in India relies on thermal power plants (TPPs), reaffirming the need for a robust and sustainable coal sector, said Union Minister of Coal and Mines, G Kishan Reddy. "The coal ministry is progressing in the path of achieving 'Atmanirbharta' in the sector," the minister added. The efforts have significantly reduced reliance on imported coal. Between April and November 2024, coal imports declined by 5.35 per cent, saving approximately \$3.91 billion (Rs 30,007.26 crore). Notably, coal imports for domestic power plant blending fell by 23.56 per cent. The Ministry's 'Mission Coking Coal' aims to increase domestic coking coal production to 140 MT by FY 2029-30, thereby reducing dependency on imports in the steel sector. India's coal production has reached an all-time high of 997.82 million tonnes (MT) in FY 2023-24, marking a significant rise from 609.18 MT in FY 2014-15, with a Compound Annual Growth Rate (CAGR) of 5.64 per cent over the past decade.

## 1,814 Students Conferred Degrees at 6th Convocation of Swarnim Startup and Innovation University

Gandhinagar, 08th February, 2025: Swarnim Startup and Innovation University hosted its much-awaited Convocation 2025 on Friday at its sprawling campus near Adalaj in Gandhinagar. Some 1,814 students of the university received their educational degrees in the grand ceremony. Dr. Nilesh Desai, Director, Indian Space Research Organisation (ISRO), Ahmedabad, and Dr Viranchi Shah, President Indian Drug Manufacturers' Association (IDMA) remained present as Chief

Guests at the Convocation Ceremony.

The event celebrated excellence of students in academia and innovation by felicitating outstanding performers with prestigious awards. Nine students were honoured with the Gold Medal in Academics, while three students received the Gold Medal for Startups, recognising their entrepreneurial spirit. Additionally, four students were awarded the Gold Medal for PhD, celebrating their achievements in research and development.

## India on the path to hit record \$800 billion in exports in FY25

New Delhi, Feb 8 (IANS) India is on the path to achieve \$800 billion in exports in the 2024-25 fiscal for the first time, according to the government, signalling a robust economy and continued growth across sectors.

According to the Union Commerce and Industry Minister, Piyush Goyal, exports have been growing and have risen significantly in the last four years. "We will end the fiscal year with over \$800 billion exports for the first time," the minister said during the Question Hour in the Rajya

Sabha.

However, certain imports like petroleum products, coking coal, pulses and edible oils are unavoidable owing to domestic shortages and high demand. The growth in imports is a good sign for the economy as domestic consumption rises. According to the minister, it will take some years to establish and set up production units in those sectors. As demand for Indian products in the global market surges across categories, the country's total exports reached about \$778 billion in FY2023-24, compared to \$466 billion in FY2013-14 — a whopping 67 per cent growth.

India's share in world merchandise exports
